

A Film viewing of “Dean Spanley”

Set in Edwardian England where upper lips are always stiff and men from the Colonies are not entirely to be trusted, Fisk Senior has little time or affection for his son, but when the pair visit an eccentric Indian, they start a strange journey that eventually allows the old man to find his heart.

The film is based on an Alan Sharp adaptation of Irish author Lord Dunsany's short novel *My Talks with Dean Spanley*
